Unveiling Truths, Empowering Decisions – Our Legacy of Excellence

Since its inception in February 2021, INT Global Group has been at the forefront of systemic investigations consulting, pioneering a first-of-its-kind approach in India. What began as a specialized effort to redefine corporate risk, governance, and fraud investigations has evolved into a multidisciplinary powerhouse—bringing together the best of strategic consulting, legal expertise, and technology-driven solutions.

With a presence across India and the UAE, our journey has been fueled by an unyielding commitment to strategic intelligence, corporate governance, litigation, forensics, and digital innovation. Our clients rely on us to uncover truths, ensure compliance, and create frameworks of resilience.

Intelaw Consulting has carved its name as a globally trusted and awarded consulting company managed by ex-Intelligence & law enforcement officers, experienced forensic investigators, chartered accountants, lawyers, company secretaries and subject matter experts. Our bespoke corporate governance, forensic investigations, business assurance and risk advisory services have earned us the trust and confidence of several multinational companies, global banks, firms and business leaders.

At **Intelegal**, we understand the evolving complexities of the legal landscape and strive to provide a comprehensive suite of legal services tailored to meet the diverse needs of our clients. With our integrated approach and specialized expertise, Intelegal stands out as a reliable legal partner for both individuals and businesses. Our integrated approach includes due diligence, asset tracing, and field investigations, ensuring that our clients have a solid evidence base to support their legal matters.

As we expand our global footprint into more technology-driven strategic solutions, our mission remains clear: delivering unmatched clarity, security, and value to organizations worldwide.
